

Appendix A

References

A-1. Required Publications

ER 1105-2-101

Risk-Based Analysis for Evaluation of Hydrology/Hydraulics, Geotechnical Stability, and Economics in Flood Damage Reduction Studies

ER 1110-2-100

Periodic Inspection and Continuing Evaluation of Completed Civil Works Structures

ER 1110-2-1150

Engineering and Design for Civil Works Projects

ER 1110-2-1155

Dam Safety Assurance Program

ER 1110-2-1806

Earthquake Design and Evaluation of Civil Works Projects

EM 1110-1-1802

Geophysical Exploration for Engineering and Environmental Investigations

EM 1110-1-1804

Geotechnical Investigations

EM 1110-1-1904

Settlement Analysis

EM 1110-1-1905

Bearing Capacity of Soils

EM 1110-1-2908

Rock Foundations

EM 1110-2-1603

Hydraulic Design of Spillways

EM 1110-2-1612

Ice Engineering

EM 1110-2-1614

Design of Coastal Revetments, Seawalls, and Bulkheads

EM 1110-2-1619

Risk-Based Analysis for Flood Damage Reduction Studies

EM 1110-2-1901

Seepage Analysis and Control for Dams

EM 1110-2-1906

Laboratory Soils Testing

EC 1110-2-6058
30 November 2003

EM 1110-2-1913
Design and Construction of Levees

EM 1110-2-2007
Structural Design of Concrete Lined Flood Control Channels

EM 1110-2-2104
Strength Design for Reinforced-Concrete Hydraulic Structures

EM 1110-2-2200
Gravity Dam Design

EM 1110-2-2201
Arch Dam Design

EM 1110-2-2400
Structural Design of Spillways and Outlet Works

EM 1110-2-2502
Retaining and Flood Walls

EM 1110-2-2602
Planning and Design of Navigation Locks

EM 1110-2-2607
Navigation Dam Masonry

EM 1110-2-3001
Planning and Design of Hydroelectric Power Plant Structures

EM 1110-2-3104
Structural and Architectural Design of Pumping Stations

American Society of Civil Engineers 1990
American Society of Civil Engineers. 1990. Minimum Design Loads for Buildings and Other Structures, ASCE 7, NY.

American Society for Testing and Material 1990
American Society for Testing and Materials. 1990. Standard Test Method for Classification of Soils for Engineering Purposes, Practice No. D2487-90, 1990 Book of ASTM Standards, 04.08, 309-319.

Electric Power Research Institute (1992)
Electric Power Research Institute. 1992. Uplift pressures, shear strengths, and tensile strengths for stability analysis of concrete gravity dams, TR-100345, 3142 Hillview Avenue, Palo Alto, CA.

Post-Tensioning Institute 1996
Post-Tensioning Institute. 1996. Recommendations for Prestressed Rock and Soil Anchors, Phoenix, AZ.

Rock Testing Handbook 1980
Rock Testing Handbook, 1980.
U.S. Army Engineer Waterways Experiment Station, U.S. Government Printing Office, Washington, DC.

Shore Protection Manual 1984
Shore Protection Manual, 1984. 4th ed., vol 2,
U.S. Army Engineer Waterways Experiment Station, U.S. Government Printing Office, Washington, DC.
